

LWV-VA Convention 2019: Coverage by YOU! Join our “Press Corp”

While we wish all League members could attend Convention, we know that is not possible. If you are attending Convention, you can help provide coverage for those who cannot attend by using your phones to post to Facebook and Twitter.

LWV-VA Social is a “Members Only” Facebook Group for LWV-VA members who choose to join it. As a member you can post comments, photos, and videos directly to the group. You can see what other members have posted.

Please consider posting your observations, comments, and images to LWV-VA Social to share with other LWV-VA members. You do need to be a member of the group to post and to read and see what others have posted.

To find the LWV-VA Social group, put LWV-VA Social in the Facebook search bar. Or you can type in this url <https://www.facebook.com/groups/373077729548726> You’ll see that the group exists but not what is posted until you are a member.

To join, simply go to the group and click the **Join Group** button. We will verify that you are a member before you are added, so it may take a bit of time. We’d like you to join now, but even if you wait until Convention to do so, we’ll do our best to add you quickly. You may need to store your photos until you have been added.

To learn more about LWV-VA Facebook Groups, see our Facebook Groups page on the website at <https://lwg-va.org/members-corner/facebook-working-groups/>

We will also be covering Convention using Twitter. The hashtag “#lwg-va2019” can be added to any Tweets you make so that all Tweets related to convention can be at one place. Tweets are not private though, so please use care in what you post. Above all else, we must remain non-partisan. Tweets from #lwg-va2019 will be selected to retweet on the LWV-VA Twitter feed.

Thank you for your help

Carolyn Caywood, Facebook Coordinator and

Carol Lindstrom, Twitter Coordinator
